

# COOLREF

## FREEZER CURTAIN

COOLREF Freezer Curtain set is designed to help minimize the cooled air travel to the environment; hence, maintaining the temperature, humidity, and sanitation inside your walk-in cooler/freezer. It will help to reduce energy bills by preventing energy loss and provides an ease of access.

### ADVANTAGE

---

- Smart hooks, stay in place even when a large object (e.g. forklift) passes by
- High quality freezer-grade vinyl
- Increase visibility
- For both external & internal usage
- Easy to install, all hardware and instruction provided

### MATERIAL

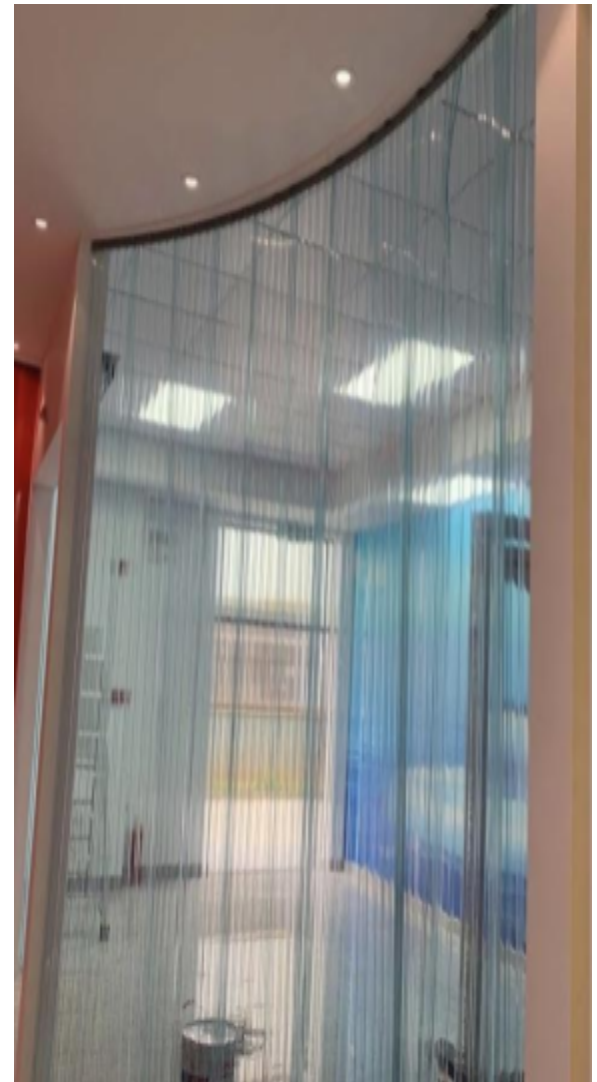

---

- Vinyl Strips (8-in width per strip and 0.08-in thickness)
- Stainless Steel hangers and hooks
- Stainless Steel screws

### SIZE AVAILABLE

---

- Standard strip length: 8 ft or 10 ft
- Linear width: within 1 ft interval
